

UNITED STATES DEPARTMENT OF AGRICULTURE  
FOREST SERVICE

ADDRESS REPLY TO  
THE FORESTER  
AND REFER TO

WASHINGTON

EM(G)  
Maps, Lincoln  
Geographic Names

April 22, 1927.

Secretary,

United States Geographic Board.

Dear Mr. McCormick:

Please refer to my letter to you under date of January 10, 1927 regarding the recommendation of the District Forester at Albuquerque for a change in the name of Sierra Blanca Peak to Lincoln Peak.

You will note I called attention to the fact that there were so many Lincoln Peaks that I doubted the expediency of adding to the list and asked for a showing in this regard in order that we might place the matter before the District Forester for his further consideration. I would be very glad indeed to have this information furnished in order that the case may be further taken up with the District Forester.

Very sincerely yours,

A handwritten signature in cursive script, appearing to read "Will Barnes".

Assistant Forester.
